## ○ ONA RED BLEND

CONFIRMS ITS STATUS OF QUALITY BY BEING  
RECOGNIZED AS ONE OF CHILE'S BEST WINES.

Viña Anakena was recognized by Patricio Tapia, one of Chile's most important wine critics, who included the ONA Red Blend 2009 on the select list of the best wines in the \$10,000 Chilean pesos (USD \$18) retail price range.

*"What we have here are some of the best wines made in Chile today, and in many different styles—from super elegant and refined pinot noir to syrah so hyper-concentrated. The CLP\$10,000 (USD 18) segment is a fascinating level today in the offer of national reds..., you won't regret because they are worth every peso of their price."*

*(Patricio Tapia, Wikén Magazine, El Mercurio, Nov. 2011)*

# THE WINES ON THIS LIST INCLUDE:

best wines*

This result confirms the quality status of our Ona Red Blend, that was also recognized by Wine Enthusiast Magazine (USA) with its vintage 2008.

## ONA RED BLEND 2009

*"The oak does not interfere at all (40% new barrels), but rather collaborates to heighten the soft texture in a fresh and fruity wine with nervous acidity."*

## ONA RED BLEND 2008

### 91 points

Big and earthy, with char, savory spice and black fruit aromas. The palate is full and bold, with ripe tannins and delicious flavors of herb, baked berries, integrated spice and leather. Smooth, long and muscular.

Wine Enthusiast (USA),  
November 2011.

## Anakena Vineyard, Leyda Valley

Rubén Díaz, Viticultural Manager of Viña Anakena, give his thoughts about the coming Harvest 2012

*"The current season has presented good weather conditions from the beginning, which has facilitated good fruit set, something very much appreciated after two rather uncooperative seasons. We are now heading into our classic summer, sunny days and rainless, which will define the way the grapes ripe prior to Harvest. Nowadays our technical team is working in the vineyard, doing a careful fruit thinning in order to ensure the yield at harvest is right in synch with the high level of quality that we expect from every lot of grapes we have"z.*
